Mirai Cloud: Empowering Your Digital Future

Welcome to Mirai Cloud IT Services, your trusted partner in navigating the complex world of technology. We are a technology-driven company dedicated to providing cutting-edge cloud infrastructure, robust network support, and impenetrable cybersecurity solutions. Our mission is to enable digital growth for businesses, schools, and institutions by delivering secure, scalable, and customized IT services that simplify operations, improve productivity, and ensure security in a digital-first world.

At Mirai Cloud, we envision a future where organizations are empowered by smart IT solutions, fostering a seamlessly connected digital ecosystem. Join us as we explore the comprehensive range of products and services designed to propel your organization forward.

About Mirai Cloud: Your Trusted IT Partner

Mirai Cloud IT Services stands at the forefront of technological innovation, offering advanced solutions to meet the evolving demands of the digital landscape. Our expertise spans across critical areas of IT infrastructure, ensuring your operations are not just functional, but also resilient and future-proof.

Our Vision

> "To be a trusted technology partner, empowering organizations through secure, scalable, and smart IT solutions that shape a digitally connected future."

We believe in building long-term relationships with our clients, becoming an indispensable extension of their teams. Our commitment to innovation means we are constantly adapting to new technologies, ensuring you always have access to the most effective and secure solutions available.

Our Mission

Our mission is to deliver reliable IT infrastructure, cloud solutions, and security services that help businesses, schools, and institutions simplify operations, improve productivity, and stay secure in a digital-first world. We are dedicated to translating complex IT challenges into streamlined, user-friendly solutions that drive real-world results.

Secure Solutions

Protecting your data and systems from evolving cyber threats is our top priority.

Scalable Infrastructure

Solutions designed to grow with your organization, adapting to changing needs.

Connected Future

Building robust networks that enable seamless communication and collaboration.

Industries We Serve & Why Choose Us

Mirai Cloud is dedicated to providing specialized IT solutions across a diverse range of industries, understanding their unique challenges and requirements. Our expertise allows us to deliver tailored services that drive efficiency and foster growth.

Industries We Serve

- **Schools & Colleges:** Enhancing learning environments with robust networks and secure digital tools.
- **Small & Medium Businesses:** Scalable and budget-friendly IT solutions to fuel business growth.
- **Healthcare & Clinics:** Secure and compliant IT infrastructure for sensitive patient data.
- **Financial Services:** Reliable and secure systems for critical financial operations.
- **Startups & Tech Companies:** Agile and innovative IT support to keep pace with rapid development.

Why Choose Mirai Cloud?

- **Fast & Reliable Support:** Prompt and effective assistance whenever you need it.
- **Certified Engineers:** Our team comprises highly skilled and certified professionals.
- **Scalable Solutions:** IT infrastructure designed to grow and adapt with your organization.
- **Budget-friendly Packages:** Cost-effective solutions without compromising on quality.
- **Custom Cloud Design:** Tailored cloud strategies that align perfectly with your business goals.

Powerful IT Services Tailored for Growth

At Mirai Cloud, we understand that every organization has unique IT needs. Our comprehensive suite of services is designed to provide powerful, tailored solutions that support your growth and operational efficiency. From cloud migration to ongoing support, we've got you covered.

Cloud Services

Migrate, manage, and optimize your cloud infrastructure for peak performance and cost-efficiency across AWS, Azure, or GCP.

Network Services

Design and deploy secure, high-speed network environments, ensuring optimal performance, uptime, and data security.

IT Security Services

Comprehensive protection from modern threats with endpoint security, vulnerability testing, and multi-layer firewalls.

IT Support & AMC

Expert assistance for every technical issue with rapid response times and proactive maintenance contracts.

Our services are built on a foundation of reliability and expertise, ensuring your IT infrastructure is always robust, secure, and ready to meet future challenges. We provide end-to-end solutions, from initial consultation and design to implementation and ongoing support, allowing you to focus on your core business.

Cloud services

Office 365 (Microsoft 365) Services User Account Management & Administration

- Exchange Online Email Management

- SharePoint Online Configuration & Migration

- OneDrive for Business Setup

- Microsoft Teams Implementation & Governance

- Security and Compliance Configuration

- Data Loss Prevention (DLP) Policies

- Conditional Access & Multi-Factor Authentication (MFA) Setup

- Intune Device Management

- Azure Active Directory Integration & Synchronization

- Office 365 Backup and Recovery

- Mail Flow and Spam Protection

- End-User Training and Adoption Support

Microsoft Azure Cloud Services Virtual Machine Deployment & Management

- Azure Storage Account Configuration

- Azure Active Directory Administration

- Virtual Networks and Subnet Design

- Azure Backup and Disaster Recovery Planning

- Azure Security Center Configuration

- Azure App Services (Web Hosting)

- Azure SQL Database Management

- Azure Monitor and Log Analytics Setup

- Azure Policy and Compliance Management

- Azure Cost Management and Optimization

Amazon Web Services (AWS) Services EC2 Instance Provisioning & Management

- S3 Bucket Configuration and Lifecycle Policies

- VPC Network Design & Implementation

- Identity and Access Management (IAM) Policies

- Cloud Storage Configuration and Management

- Network and Firewall Setup

- Identity and Access Management (IAM)

- Kubernetes and Container Management

- Cloud Functions and Serverless Application Setup

- Database Hosting and Migration Services

- Monitoring and Logging Configuration

- Security and Compliance Controls

- Disaster Recovery Planning and Implementation

- Cost Optimization and Budget Management

Mirai Cloud Services: Beyond the Basics

Wireless Solutions

Experience uninterrupted and secure wireless connectivity. We offer comprehensive solutions from small office Wi-Fi setups to campus-wide networks, including access point deployment, Wi-Fi heat mapping, signal optimization, and secure guest networks with robust password policies.

Application & Software Services

Seamlessly deploy and configure essential business applications. Whether it's CRM, inventory systems, or collaborative platforms, we handle software installation, migration, licensing compliance, and customization for tools like Zoho, Tally, and MS Dynamics, integrating them with your email, calendar, and storage systems.

Data Center Services

Build or enhance your data center with our professional setup and monitoring services. This includes physical rack setup, power backup solutions, server virtualization (VMWare, Hyper-V), disaster recovery planning, and network redundancy design. We provide 24/7 availability monitoring with real-time alerts to ensure maximum uptime.

Business Communication Services

Improve collaboration with modern communication tools. Our solutions include custom email domain setup (Gmail, Outlook), business VoIP systems with IVR, and seamless integration of chat, video, and cloud communication platforms, ideal for remote teams, sales departments, and educational portals.

These advanced services are designed to give your organization a competitive edge, optimizing every aspect of your IT environment for efficiency, security, and growth.

Technology That Powers Your Business: Our Products

Mirai Cloud provides a curated selection of hardware, software, and surveillance solutions to build a robust and secure IT ecosystem. Our products are sourced from trusted brands, ensuring reliability and performance for your critical operations.

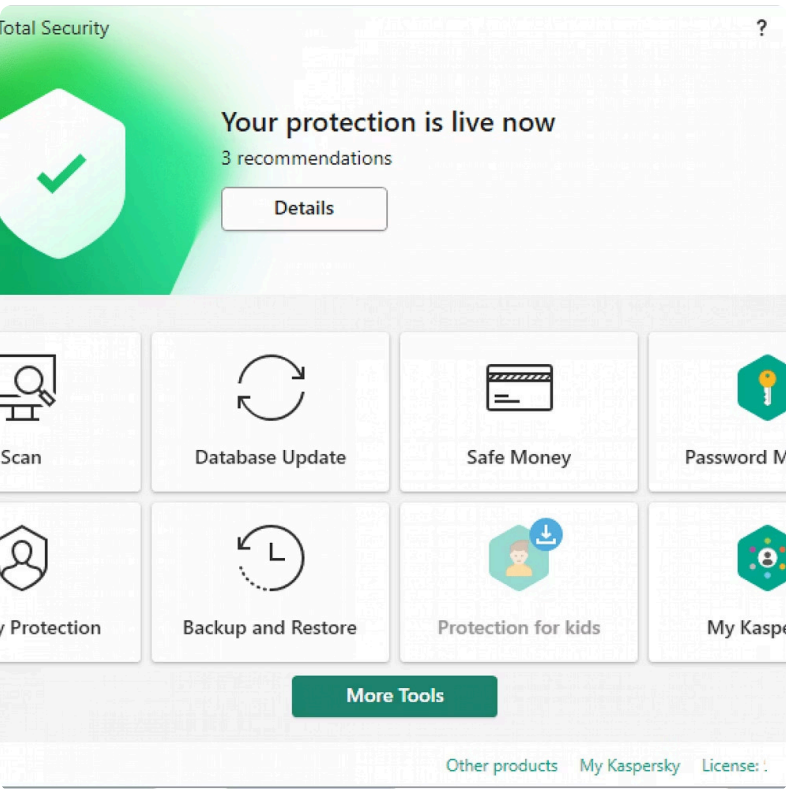

IT Hardware & Accessories

We supply and install high-performance IT hardware, including desktops, laptops, enterprise-grade servers, networking equipment, UPS systems, and structured cabling. All hardware comes with installation support, warranty management, and post-sale technical assistance.

Firewall Devices

Secure your digital environment with advanced firewall appliances featuring intrusion detection and prevention, real-time network traffic filtering, secure VPN for remote access, and continuous threat intelligence updates.

Antivirus Solutions

Protect against malware, data loss, and system breaches with licensed antivirus software offering multi-device protection, centralized dashboards, cloud-based threat intelligence, and ransomware protection.

Surveillance Systems (CCTV)

Custom-installed CCTV systems provide robust surveillance with bullet and dome cameras, night vision, motion sensors, DVR/NVR recording systems, remote access, and integration with alarm systems.

Enhancing Communication and Display

Beyond core infrastructure, Mirai Cloud offers specialized products designed to enhance communication, collaboration, and visual impact within your organization. These solutions are perfect for modern classrooms, corporate offices, and dynamic showrooms.

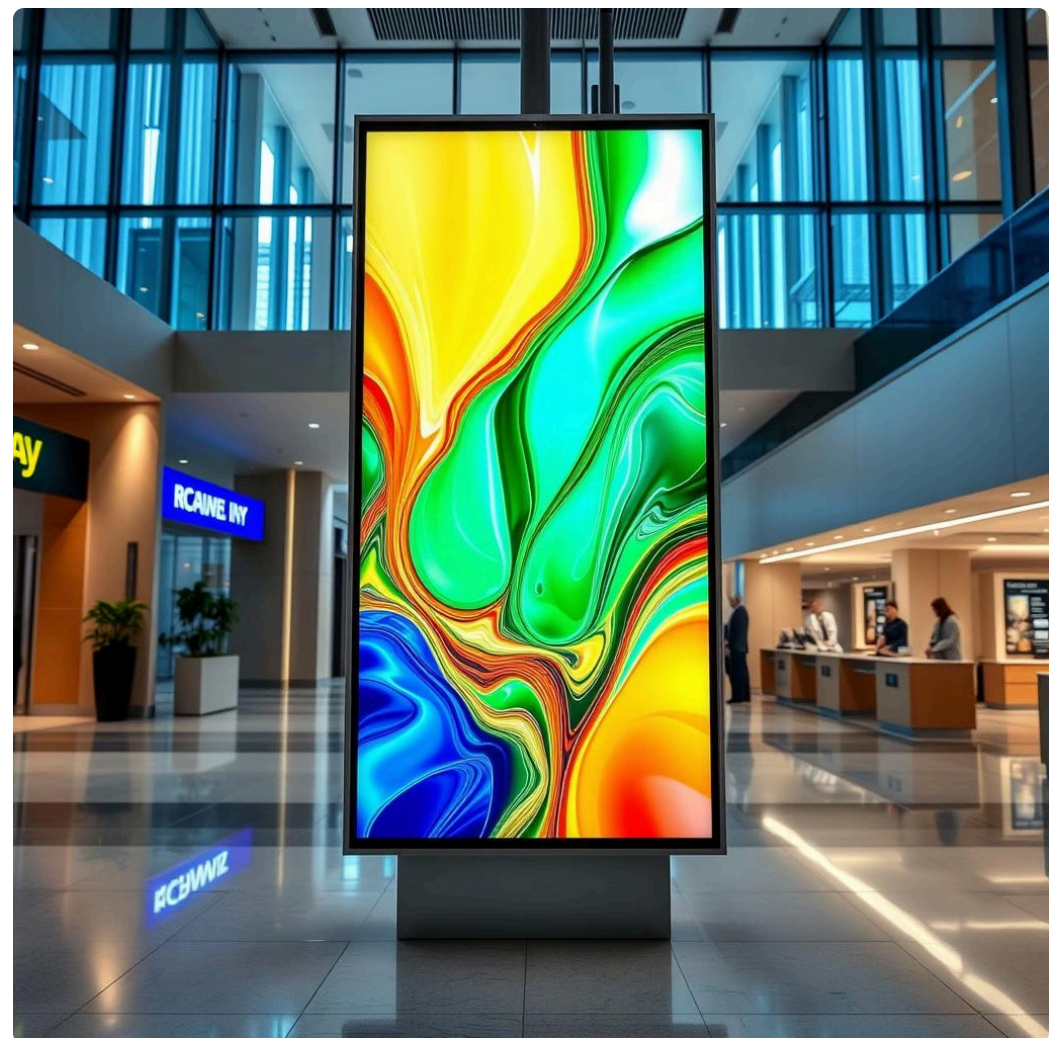

Video Conferencing Equipment

Empower seamless communication with our plug-and-play conferencing systems. Ideal for education, training, client meetings, and remote collaboration, our offerings include Full HD cameras with wide-angle lenses, conference-grade microphones and speakers, interactive displays, smart boards, and PTZ camera controls with touch panels.

Display Solutions

Make a powerful impact with dynamic and interactive display technology. We provide commercial-grade LED panels, touch-enabled interactive whiteboards, and digital signage for advertising or information displays. Our smart TVs are perfect for presentations and conferencing, complemented by wall mounting, screen calibration, and AV system integration services.

These innovative products are designed to create engaging and productive environments, fostering better communication and impactful visual experiences.

Licensed Software & Tools: Stay Productive and Secure

In today's digital world, authentic and properly managed software is crucial for productivity and security. Mirai Cloud helps you navigate the complexities of software licensing, ensuring your organization remains compliant, updated, and efficient.

Microsoft 365 Business & Enterprise Licenses

Access a full suite of productivity tools, including Word, Excel, PowerPoint, Outlook, Teams, and cloud storage, tailored for businesses of all sizes.

Google Workspace Setup & Management

Leverage powerful cloud-based collaboration tools like Gmail, Calendar, Drive, Docs, Sheets, and Meet for seamless teamwork and communication.

Zoom, Microsoft Teams, Cisco WebEx Licenses

Facilitate high-quality video conferencing and virtual meetings with reliable and feature-rich platforms that support your remote and hybrid work needs.

Antivirus, Firewall, and Backup Software Licenses

Implement essential security and data protection solutions with leading software that safeguards your systems against threats and ensures data recovery.

We simplify the process of purchasing, installing, and managing licenses, providing ongoing updates and technical support. Our bulk licensing discounts for organizations ensure cost-effective solutions without compromising on quality or compliance.
